Sources & Corrections

How this catalogue was reconciled. Nothing here changes what is in a file — only how it is recorded.

CHECKED AGAINST THE SHELF

Every entry name and file number in Section One matches the spine label on the binder, photographed in place. Where Carol's two sheets disagreed, the shelf settles it:

- **Photos** — File 16 — confirmed on the spine
- **Fish List** — File 20 — confirmed on the spine
- **List of Fish (T)** — File 25 — confirmed on the spine
- **Fishes & Crustaceans of Cyprus** — File 25 — confirmed on the spine
- **Kosher & Non-Kosher Fish in Various Countries** — File 25 — confirmed on the spine
- **Wines** — File 9 — confirmed on the spine; there is no separate Wine at File 10

STILL OPEN

- **Marriage** (File 5) — On Carol's sheet (Rabbi Shindler, meeting of 28 July 1905) but not named on the spine of File 5. Kept in the catalogue.
